

## GENERAL INFO

DESIGNED FOR MAINS, RAIN, HARSH AND RURAL WATER

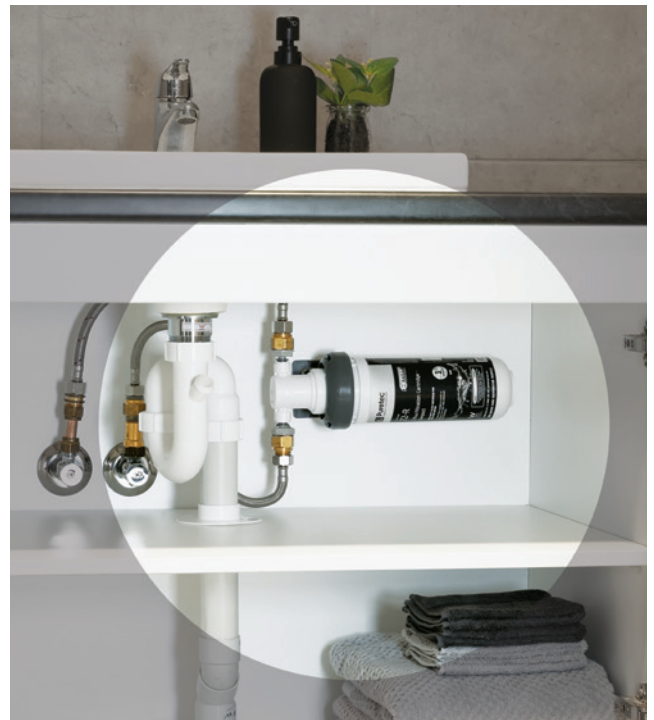

### Bathroom Inline Undersink Filter System

The PureMix Z2 is a compact system designed specifically for applications where there is limited under-bench space; perfect for bathrooms, laundries, caravans and kitchenettes. It connects to the cold water line of any standard mixer tap, meaning there is no need for a separate filter tap. It's compact design makes it easier to install where space is limited, Z2 installs very easily & mounts horizontally or vertically so no shelf cutouts are required.

The Z2 features Z Plus Filtration Technology through an advanced 3 stage filtration process; filtering down to 1 micron\* removing chlorine, chemical, sediment, rust, and algae - helping to ensure you only get healthy, great tasting water on tap.
